

# AECON TRANSPORTATION WEST

**For the last four decades, Aecon Transportation West (ATW), formerly South Rock Ltd., has been successfully delivering large, complex highway and municipal infrastructure and commercial developments across Alberta and Saskatchewan.**

As with all Aecon businesses, ATW takes great pride in effectively meeting project schedules while remaining steadfast in our commitment to safe work environments. We focus on exceeding quality standards and maximizing value for our clients.

**Core services of our civil construction team include:**

- // Highway and infrastructure construction
- // Municipal road construction
- // Bridge construction
- // Asphalt paving
- // Aggregate and asphalt testing and mix designs via CCIL-certified laboratory
- // Cold planning and profiling
- // Sub base preparation and gravel base placement
- // General pavement repairs
- // Asphalt, aggregate, sand and gravel supply and sales
- // Custom gravel crushing
- // Pavement engineering
- // Commercial site development
