YELLOWLINE ASPHALT PRODUCTS LTD.

5

Yellowline Asphalt Products Ltd. is a 50/50 joint venture between Aecon Construction & Materials Ltd. and Dufferin Construction Company.

Yellowline distributes asphalt cement products throughout Ontario and is centrally located within the Hamilton Port Authority.

Yellowline has the ability to provide quality neat and polymer modified asphalt cements to the Ontario construction and paving industry. Asphalt cement products are approved by the Ministry of Transportation of Ontario (MTO) and by the Road Authority for use in provincial, municipal and private contracts in Ontario.

In addition, Yellowline can dose asphalt cements at the terminal with liquid anti-strip and/or warm mix additives.

Yellowline is a proud member of the Ontario Hot Mix Producers Association (OHMPA).
